5008

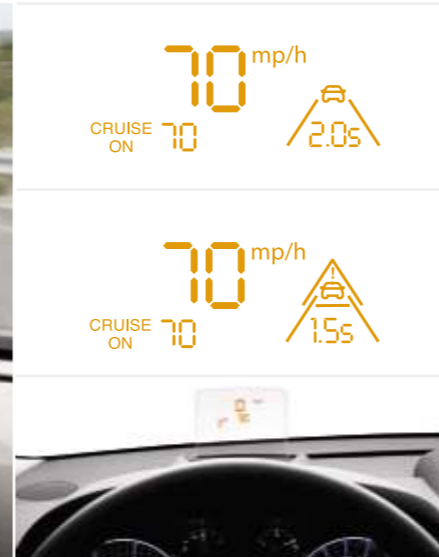

PEUGEOT

A man with dark hair and a light beard, wearing a white button-down shirt, is shown in profile from the chest up on the left side of the frame. He is looking towards the right. In the background, a cityscape with modern buildings and a body of water is visible. In the lower right foreground, a dark grey Peugeot 5008 is shown from a rear three-quarter view, parked on a paved surface. The car is casting a shadow on the ground.

“5008 ENJOYED BY FAMILIES. LOVED BY DRIVERS”

Stylish, dynamic and versatile, the new Peugeot 5008 is a compact MPV that's as enjoyable to drive as it is practical for families. A seven-seater with flexible seating options, it's spacious and adaptable, yet delivers the handling, performance and technology that make your driving experience truly enjoyable.

Distance Alert®*

The Distance Alert system helps the driver maintain a safe distance from the vehicle in front. This radar technology measures the distance from the vehicle in front and this information is then sent to the vehicle's control system (ECU), before being relayed onto the translucent screen. The driver can set their preferred distance and the system will warn you with a visual alert, providing accessible safety information whilst still in full control at all times.

Parking Assistance**

Front and Rear Parking Aid is available with the Available Space Measurement (ASM), meaning fitting into tight parking spaces has never been easier. The system gives parking advice through different messages on the display. An audible alert sounds when an obstacle is approaching.

Electric Parking Brake with Hill Assist

All 5008's are fitted with the Electric Parking Brake with Hill Assist as standard with all versions, it offers many practical benefits from convenience through to additional storage space within the centre console. If the driver stops, for example at a set of traffic lights, the parking brake can be activated manually, however the Hill Assist will keep the vehicle at a standstill, for 2 seconds, whilst on a gradient.

*Available as standard or optional depending upon on version.
 **Available as an option on certain versions.

“INNOVATIVE DRIVER TECHNOLOGY”

To ensure that nothing detracts from your driving experience, the 5008 is loaded with innovative technologies; each designed to make life behind the wheel easier.

Why compromise on performance ?

We believe choosing a compact MPV shouldn't come at the expense of your driving pleasure. That's why the 5008's cockpit has been ergonomically designed around the driver, to

create an intuitive and enjoyable driving experience. From the comfort of the raised driving position, you'll appreciate the 5008's effortless acceleration, dynamic handling and refined performance.

Head Up Display*

The Head Up Display projects essential driving information onto an anti-reflective translucent panel. The driver can, therefore, easily see the vehicle speed, cruise control /

speed limiter set and the distance alert... All without having to take their eyes off the road.

*Available as standard or optional depending upon on version.

“ENJOYED BY FAMILIES”

Relax into the 5008 and you'll be instantly impressed by its comfort and the sense of space and light. The whole family can enjoy their journey with new technology, refinement and driving pleasure.

“GENEROUS IN COMFORT AND SPACE”

Adapting to all your needs, available with 7 seats, you have the freedom to rearrange the seating configuration and loading space for all your activities, business and pleasure.

Flexibility
For more freedom, all seats in rows 2 and 3 fold individually and flat and in addition the front passenger seat folds flat*. Particular attention has been paid to their ease of use, with

cinema style seating this enables easy access to the 6th and 7th seats. Ideal for you all to travel or when you have fewer passengers but more belongings.

Comfort
Moreover lots of leg room, clever storage solutions and upto 2,506 litres of luggage space make for a truly comfortable journey.
*Available as an option depending upon version.

“SEE THE WORLD DIFFERENTLY”

Spacious yet compact watch the world go by in the 5008, thanks to its superb visibility and numerous clever storage compartments for everything the family needs.

Panoramic Cielo Roof

See driving in a new light, the panoramic cielo roof*, gives driver and passengers a sense of freedom and space. The heat reflective, tinted glass filters out 90% of the sun's ultraviolet rays, in addition an electric sunblind covers up the roof at the touch of a button.

*Available as standard or optional depending upon on version.

Volume and Storage

The boot volume of 5008 is generous and can be increased when the seats are folded flat. Clever storage throughout the cabin including extra storage in the row 2 footwells* all help make an extended journey an enjoyable adventure.

The low loading sill in the rear make access and storage easy and comfortable. There are several other additional items designed to suit all your families needs, from 12v charger to additional light with a portable torch* installed in the rear, equipped with a battery that recharges

itself when the car is being driven.

*Available as standard or optional depending upon on version.

“TECHNOLOGY UNPLUGGED”

VIDEO PACK*

An impressive multi media entertainment system* provides two seven-inch colour screens integrated into drivers and front passengers headrest. The system enables you to connect to external DVD players and games consoles, the children can listen to their DVD's via two bluetooth headsets, perfect for entertaining the children with different tastes on long journeys.

Audio and Telematics

5008 offers state-of-the-art audio equipment or telematics*, through the Peugeot Connect (PC) range :

- PC Sound** – Radio / CD Player.
- PC Navigation (RNEG)** – Colour Navigation with Bluetooth.
- PC Media Navigation (NG4)** – Colour Navigation, Bluetooth, GSM Phonekit, 30 Gig Hard Drive including 10G Music hard drive.

PC USB with Bluetooth – USB auxillary port with Bluetooth Handsfree kit.

*Available as standard or optional depending upon on version.

“5008 DYNAMIC DESIGN”

The solid build and dynamic shape impose a bold and distinctive personality while the raking windscreen gives a breathtaking view. A dipping roofline, smoothly sculpted rear quarter lights create a stunning and unique profile, immediately drawing onlookers attention.

“5008 - ACTIVE AND PASSIVE SAFETY”

With pioneering technology such as Head Up Display with Distance Alert, Electronic Stability Programme with Snow Motion traction control and six SMART safety Airbags, each journey is reassuringly secure and relaxing for all the family.

Optimum safety for both driver and passengers

5008 achieves a Euro NCAP 5* rating – the very highest safety accolade a car can receive. From the electric power-assisted steering to the durable braking system (ABS with EBD and EBA) that includes Electronic Stability Programme with Snow Motion – an advanced traction control (ASR+) preventing each wheel spinning in slippery winter conditions.

Cruise Control with Speed Limiter*

5008 is available across the range with Cruise Control and Speed limiter. The Cruise Control maintains a constant speed and your speed limit can be set at a speed that will not be exceeded.

SMART Airbag technology

5008 features six SMART safety airbags, all are designed to deploy at the right angle for maximum protection. They also automatically adjust the pressure and volume of deployment, depending upon the force of a collision. Front seats also hide two side airbags and passengers in outer seats are protected by curtain airbags.

Advanced traction control system

Snow Motion is 5008's intelligent traction control system, standard on all models, it supports impeccable steering, dynamic road handling and active safety. Snow Motion regulates each driving wheel independently in snow, ice, and rain giving the 5008 improved traction in difficult conditions.

Electric Parking Brake and Hill Start Assist

5008 is fitted with an Electric Parking Brake and Hill Start Assist function that helps the driver manoeuvre or set off, especially on gradients. When you press the accelerator pedal the parking brake automatically releases and will then automatically enable when you switch off the ignition. In addition it is fitted as standard with the Hill Start Assist function that helps the driver on gradients. When the brake pedal is released, the ESP automatically maintains a stationary position for up to two seconds, enabling the driver the time to move their foot from the brake to the accelerator without the vehicle moving forwards or backwards on a slope.

*Available as standard or optional depending upon on version.

“5008 - PRESERVING THE FUTURE”

Protecting the environment and preserving the future planet are the greatest challenges we face today. For many years, Peugeot has been innovating with the

future in mind. Peugeot can show their commitment to future generations with the already posted concrete results :

- Since the year 2000, Peugeot have sold more than 2,000,000 private cars equipped with FAP (Diesel Particulate Filter)

- In 2008, Peugeot reinforced its position as leaders in Europe with 1 in 6 vehicles that are sub 120g sold in the market being Peugeot, taking 15.4% of the European market*.

*Europe 14 countries – source A. A. A March 2009.

“RESPONSIBLE CONTROL”

Aerodynamics and fuel saving

The aerodynamics, lines and weight of 5008 were vital to optimize consumption. These also enabled the vehicle to post the best aerodynamics of its category, at 0.29Cx for the versions with 16 and 17inch wheels, also a major factor in reducing fuel consumption.

HDi FAP

HDi technology is associated with the very efficient anti pollution system (FAP), Diesel Particulate Filter. Peugeot was the first manufacturer to equip as standard some of its vehicles with FAP.

Electronic Gearbox Control*

The Electronic Gearbox Control is essentially two gearboxes in one, offering the choice between manual changes or a smooth automatic. An alternative to traditional manual or automatic gearboxes, the EGC transmission provides considerable gains in fuel in fuel consumption and 135g/km CO₂ all boosted by the presence of a sixth gear.

Energy Saving Tyres

The less rolling resistance your tyres provide, the less fuel you need to travel the same distance. Michelin's Energy Saver Tyres, fitted on 16inch wheels on 5008, reduces resistance by 20%, saving you around 0.2 litres of fuel for every 100 kilometres you drive compared to a standard tyre.

COLOUR AND TRIMS

To underline its elegant and original style, Peugeot 5008 is available in 9 colours.

PEUGEOT AND YOU

When you choose Peugeot, you have the reassurance of knowing that your vehicle has been designed and manufactured to give you years of worry-free motoring. What's more, as a Peugeot owner, you can rely on a comprehensive range of customer care services from your Dealer. So you can be sure you are talking to a specialist who'll listen to you, understand your problems and respond efficiently – someone who also has the expertise to maintain your Peugeot correctly, using Peugeot trained technicians, Peugeot Diagnostic Equipment and Peugeot Original Equipment Parts.

Peugeot Warranties

As well as the 2 year unlimited mileage manufacturer's warranty, all vehicles first registered in the UK and purchased from a Peugeot Dealer come with a free additional year of warranty through the Peugeot UK dealer network. The mileage limit on this additional warranty is 60,000 miles (100,000 miles for Boxer excluding Motorhomes and other converted vehicles) from first registration. At the end of the warranty period (or over the valid mileage limit) you have the option to purchase a Peugeot Platinum Extended Warranty. Our cars also come with a 12 year Anti-perforation and 3 year Paint Warranty (6 and 2 years on Vans). For full terms and conditions, please contact your Peugeot Dealer.

Peugeot Assistance

All new Peugeot's come with one years Peugeot Assistance – our breakdown assistance service. This covers all incidents involving vehicle-based faults for you and anybody driving your car with your permission. It is available 24/7, 365 days a year.

Peugeot Assistance includes European cover, homestart, roadside assistance vehicle recovery and a free replacement car or hotel if required. It can be extended for a further 12 months, or 24 months, and to extend cover to non-vehicle faults at specially discounted rates, by calling 0870 752 7050.

Peugeot Service Care

Peugeot vehicles benefit from extended service intervals of up to 20,000 miles or 2 years (12,000 miles or 2 yrs for 1.6 HDi 110 / 112 diesel ; 24,000 miles or 2 years on Boxer, 10,000 miles or 1 year on 107). Please refer to the maintenance book for details of the service intervals of your specific vehicle.

Finance – Let the Specialists help

Peugeot Financial Services offer a number of flexible finance plans, specialising in a finance package that suit your needs through your local dealer. Written quotations are available on request from Peugeot Financial Services, Quadrant House, Princess Way, Redhill RH1 1QA. Over 18's only, a guarantee may be required.

Peugeot Insurance

Peugeot Insurance has been designed specifically for Peugeot owners and offers tailored cover at a competitive price. In the event of an accident one of our Peugeot Approved Accident Repair Centres will repair your car, using Peugeot original parts. Plus we'll provide a courtesy car while yours is being repaired (subject to availability).

Why not try Peugeot Insurance?

You can call Peugeot Insurance for a quote on 0870 0240 206. Lines open 8am – 8pm weekdays, 9am-5pm Saturdays. Max call charge from a BT landline is 8p per min. Calls from other networks may vary. Calls may be recorded. Peugeot Insurance is underwritten by UK Insurance Ltd. Conditions apply.

Peugeot and the Environment

Our website has full details on all Peugeot products and offers available in the UK. You'll also find information about our environmental and recycling policies.

Peugeot Brochure

Peugeot Accessories are designed specifically for each model which means there are no compromises on fit or function. They are rigorously tested to our high standards giving you complete confidence and peace of mind.

About this brochure

The information contained in this brochure is based on the data and images available at the time of printing. Some options may not be available in the UK. Also, some photography may feature vehicles which are left hand drive. Peugeot reserve the right to modify technical equipment, specification, options available and colours at any time. For full specification please refer to pricing and specification guide on www.peugeot.co.uk. Please note that print processes used in the creation of this brochure may alter the

depth and tone of the colours shown. This brochure is not a contractual document or offer of sale. The details in this brochure cannot be reproduced without the authorisation of Peugeot.
